All State and school scores were taken from the  
*Monroe Evening News*, April 13, 2008

The numbers represent the combined percentage of students who met or exceeded state standards in each of the categories. "ELA" means English Language arts, which is a combination of reading and writing. Additional public school districts and non-public schools may be found in this paper.

\*St. Patrick School Administration believes that an error occurred during the administration of the grade 5 reading test which negatively impacted the reading and ELA scores.
